#### Introduction

The purpose of this plan is twofold:

- to document the actions to be taken and the resources to be mobilised, by the Felixstowe Community Emergency Group, when assistance is requested from the emergency services or local authorities etc., in response to a significant incident affecting Felixstowe or nearby communities. (Emergency Incident); and,
- 2. to provide a list of local people and resources which may be called upon during incidents of lesser significance which would not normally trigger emergency plans but have the potential to impact on the health and wellbeing of local residents. (Community Incident)

This plan gives only general guidance to the local community, outlines actions to be taken by the Community Emergency Group, Councillors and volunteers and recognises that it is complementary to any County, District, or multi-agency emergency plans which are in existence.

The first point of call in any emergency situation should always be the relevant emergency service(s). Nothing in this plan should interfere with or hinder the timely notification of an emergency situation.

If in doubt always call 999

The Community Emergency Group consists of an Emergency Coordinator, Deputies and Ward Councillors of Felixstowe Town Council.

The range of incidents which could be encountered by the communities and which could see the activation of the Community Emergency Group are wide and varied in nature and as such it is not the intention of this document to seek to be prescriptive in the nature and extent of any response to a call for assistance, rather this document seeks to pre-identify available and deployable resources so that they can be called upon easily in times of demand.

Given the location of Felixstowe, it is possible that a major incident could occur as a result of coastal flooding, severe weather events, power outages or industrial activity (such as fire or an incident at the Port of Felixstowe). In any eventuality that this Plan is activated, dynamic risk assessments will be carried out by the Community Emergency Group to ensure that persons carrying out local impact assessments are adequately protected and resourced.

The Lead and Deputy Co-ordinators are registered to receive all Flood, Power Outage and Weather warning alerts.

## Aims and Objectives

The aim of this plan is to enhance community resilience by ensuring that if an emergency occurs the Town Council will be able to perform its functions so far as necessary or desirable for the purposes of providing local assistance and information in support of the emergency services.

#### The objectives are to:

- Identify resources and key contacts in the community
- Provide a local single point of contact for emergency responders (The Emergency Coordinator) to aid them in the delivery of their services.
- Provide a communication link between professionals and the public to aid the flow of relevant information.

## **Emergency Coordinator Roles & Responsibilities**

The role of Emergency Coordinator (and deputies) will be fulfilled by Members or Officers of Felixstowe Town Council who provide a vital link between residents and relevant organisations planning for and responding to an Emergency or Community Incident.

#### Contact details for the Emergency Coordinator and deputies are given at Appendix A.

#### Their role is to:

- Facilitate the completion and maintenance of the Community Emergency Plan (this plan)
- Call a community meeting during an Emergency or Community Incident (if deemed necessary)
- Provide the focal point for the community response to an Emergency or Community Incident and establish the Control Centre as a base location (if deemed necessary – see Appendix A for Control Centre details)
- Provide a link between the community and other agencies responding, which may include the emergency services and the Local Authorities.
- Assist the Local Authorities and appropriate agencies in emergency preparedness through awareness-raising activities.

Felixstowe Town Council appoints the Emergency Coordinator who will lead a team of other volunteers during an Emergency/Community Incident. This Community Emergency Group (CEG) will be responsible for organising emergency activity within the town, under the direction of the emergency services where appropriate.

As emergencies can occur at any time, it is not possible to guarantee that all members of the CEG will be available within the town. Therefore, deputy Emergency Coordinators have been appointed who should be familiar with the plan and can act as an Emergency Coordinator in their absence.

In addition, all Town Councillors, during the emergency, may be requested to attend the Control Centre to support the response and decision making processes.

#### Felixstowe Town Councillors Role

The primary role of Felixstowe Ward Councillors is to receive information from the Emergency Coordinator, and pass it on to residents in their ward. They may also help with the identification of vulnerable persons/groups and monitoring of their welfare, assist with transport and pass messages on foot when telecommunication networks are down.

Ward Maps and contact details for relevant Councillors are detailed at Appendix B.

The activation call tree for these Councillors is provided at Appendix C.

Other volunteers, subject to qualification, may be co-opted to support the Ward Councillors where necessary.

In a local emergency, the role of the CEG is to provide whatever support or information it can, potentially under the direction of the emergency services (police, fire brigade, ambulance), other authorities or Suffolk Joint Emergency Planning Unit (JEPU).

#### Risks

Felixstowe Town Council acknowledges that risks are diverse and numerate. This plan takes a broad approach to risks, groups in to key categories: Natural Events, Major Accidents and Malicious Attacks. The CEG will carry out dynamic risk assessments in the event of an incident to ensure that volunteers carrying out local impact assessments are adequately protected and resourced.

#### **Natural Events**

<u>Severe weather</u>: storms and gales; low temperatures and heavy snow; heat waves and drought. <u>Flooding</u>: coastal and inland flooding, (surface water flooding).

<u>Human disease</u>: pandemic influenza; new and emerging infectious diseases e.g. SARS (Severe Acute Respiratory Syndrome).

<u>Animal disease</u>: non-zoonotic (not transmitted to human beings) notifiable animal diseases e.g. foot and mouth, blue tongue; zoonotic animal diseases e.g. avian influenza, West Nile Virus and rabies.

#### **Major Accidents**

<u>Major industrial accidents</u>: fires; contamination; technical failure e.g. power outages, electricity; water and sewerage; gas; communications; fuel; marine pollution; dam inundation and reservoirs.

Major transport accidents: air; maritime; road and rail.

#### **Malicious Attacks**

Attacks on crowded places: e.g. shopping centres, sports grounds and concert venues.

Attacks on critical infrastructure: e.g. power stations, reservoirs, pipelines.

Attacks on transport systems: rail and underground; air; maritime;

Electronic attack: IT and communications systems

#### Plan Activation

The Community Emergency Plan will be activated and the Community Emergency Group convened in one of two ways:

- at the request of the emergency services/local (or other) authorities; or,
- where any member of the Group becomes aware of an arising emergency or community situation which is likely to affect residents of Felixstowe or its surrounding area.

In either case, once the plan is activated, the CEG will liaise with the district Emergency Planning Officers in office hours/JEPU Duty Officer out of hours to fully appraise them of the situation.

#### Contact details are in appendix A.

The emergency services/authorities which may request the activation of the Community Emergency Group are as follows:

- The Police
- Fire and Rescue Service
- Environment Agency
- Members of the Suffolk County Council Joint Emergency Planning Unit (JEPU)
- Suffolk Coastal District Council
- Suffolk County Council

#### Activation criteria include:

- Actual or threatened injury or loss of life, particularly if the threat is increasing or extensive.
- Actual or threatened damage to property, particularly if the threat is increasing or extensive.
- The causation is spread geographically, not located at a single property.
- Having been requested to do so by the emergency services.

On being activated, the Group should convene a meeting to discuss the nature of the incident, potential or actual impact on the community and the community resources required.

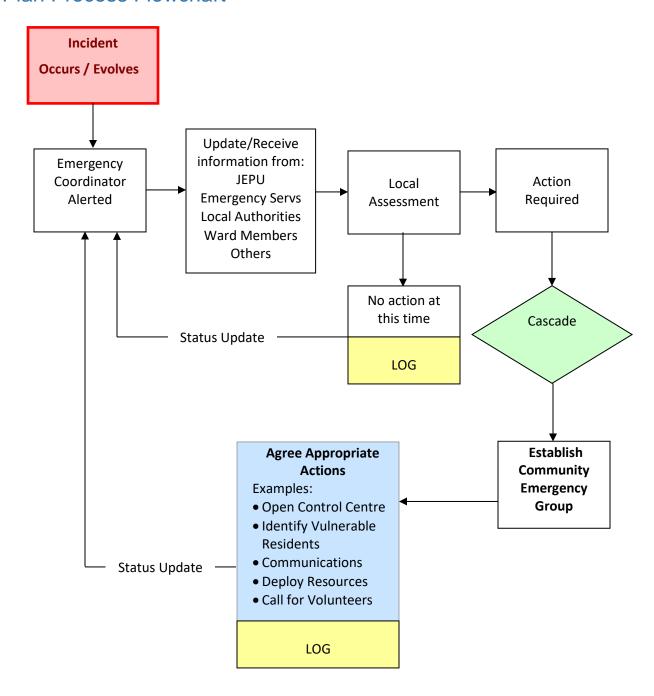

#### A sample agenda for the initial meeting is to be found at Appendix D.

The Community Emergency Group should ensure that all key actions/decisions taken by the group are recorded. A sample log page is provided at Appendix E.

On activation of the plan, the Group should deploy the Emergency Boxes and utilise their contents as necessary. **The contents and location of the boxes is provided at Appendix F.** 

#### Plan Process Flowchart

## Vulnerable Persons/Groups

Where evacuation is required, it is essential for the emergency services to identify those people/groups that may require additional, or specialist assistance. For the purpose of this plan, vulnerable persons are defined as people reliant upon:

- Home visits by community nurses for healthcare
- Formal or informal carers
- Home deliveries of medical supplies
- Vehicular transport to attend essential health appointments
- Potential evacuees

.

A table showing the key locations in the local area which house vulnerable groups (sheltered housing, care homes etc.) is detailed at Appendix G.

The Police and other agencies have access to a range of sources to provide the location of vulnerable persons, in particular community health and social services which may be available to be shared during the course of an emergency. However, this will never provide a complete information picture and local knowledge regarding vulnerable persons, who may not feature on any official register, will be invaluable. It is outside the scope of this plan to seek to identify each and every individual dwelling that may be home to a vulnerable person however the Ward Councillor will be able to assist the Police, other emergency services and local authorities in assessing the locality.

#### **Control Centre**

Felixstowe Town Hall is designated as the primary Control Centre as this facility is capable of being used as a 24-hour emergency centre. It is well known to local residents, has good communication links (e.g. telephone, fax, and internet) and has cooking, washing and toilet facilities. The address of the Emergency Control Centre (ECC) is:

Town Hall Undercliff Road West Felixstowe Suffolk IP11 2AG

Telephone: 01394 282086

There are several keyholders for the Town Hall and their contact details are contained in **Appendix A.** 

It is recognised that, given its coastal location and depending on the nature of the emergency, Felixstowe Town Hall may not be a suitable Control Centre venue. Should circumstances dictate, a secondary Control Centre has been identified at Broadway House, Orwell Road. Details of this Control Centre are also contained in **Appendix A**.

#### Local Skills and Resources

Appendix H lists skills and equipment which are present in the community and which may be available and required at the time of an emergency. They are offered on a 'best endeavour' basis.

If further equipment/skills are needed from the community, the Community Emergency Group may issue an appeal through Felixstowe Community Radio, or other appropriate media.

Appendix I lists organisations which are present in the community and which may be available to provide volunteers, skills and resources.

## Key Locations Identified as Places of Safety

Respite centres, as may be required by larger scale incidents, will be coordinated at the direction of the Tactical Coordinating Group via the SCDC Local Authority Emergency Control Centre when established or in the interim via the Joint Emergency Planning Unit (JEPU) Duty Officer. Further information is available here: <a href="http://www.suffolkresilience.com/emergency-plans/">http://www.suffolkresilience.com/emergency-plans/</a>

In the event that a localised evacuation is required within the community, the following locations have been selected as places of safety, in agreement with the local authority and the premises owners. Places of safety will be selected at the time of the emergency based upon availability, suitability in respect of vicinity to the incident and the disruption that their use may cause to the community. Floor plans for the above locations can be found at Appendix J.

#### Communications

On activation of the Community Emergency Group, the Emergency Coordinator will maintain a register of all mobile numbers of volunteers, in addition to those of core members. It should be remembered that at the time of a major emergency, mobile telephone networks may exceed capacity, leading to overload and disruption. The Group should not rely on mobile phones as the sole means of communication. If overload does occur, SMS text is likely to be more effective at getting through.

Police and other emergency responders have their own resilient communications systems, in particular Airwave. If all other means are not functioning, the emergency responders may allow the transmission of messages via this means.

RAYNET - The Radio Amateurs' Emergency Network is the UK's national voluntary communications service provided for the community by licensed radio amateurs. If necessary, support of the Network will be requested via the Tactical Coordination Group (TCG) when activated or in the interim via the local authority.

#### **Media/Public Information Strategy**

All media enquiries and information releases should be agreed with the Emergency Coordinator.

The Town Clerk is responsible for issuing media releases on behalf of the Town Council via the following means, insofar as may be available:

- Press Release to all Town Councillors, local authority partners, local newspapers, publications, radio stations and other identified partners via email.
- News Bulletins published on the Town Council website and highlighted on the front page of the site.
- Tweet / Facebook post to raise awareness of available information (direct Tweets will also be send to key partners for retweeting).
- Where possible, printed copies will be displayed on noticeboards and made available at key locations such as the Town Hall and the library.

#### Insurance

The Community Emergency Planning Group (CEPG) and CEPG volunteers will be covered by the District Local Authorities insurance under the following circumstances:

- The local authority has requested that Felixstowe Town Council activates its plan and volunteer group.
- The CEPG volunteers are registered with the CEPG.
- The CEPG and CEPG volunteers are under the direction of a local authority member of staff (this can be remotely), and the local authority receives regular updates of task progress / issues arising from the CEPG.
- Volunteers only carry out the actions / activities that they have been authorised to do or agreed by the local authority.
- A record of the activities undertaken and volunteers employed in those tasks is maintained by the CEP Group
- Activities volunteers have been asked to undertake must be commensurate to their skills and competency.
- Appropriate dynamic risk assessments are carried out.
- The use of motor vehicles is not covered by the local authority's insurance and it is the responsibility of the individual to ensure that they have adequate and appropriate cover. Please see Appendix K for guidance from Association of British Insurers regarding various Insurance Company guidelines. Volunteers should also use the contact details provided in their own vehicle Insurers documentation to confirm cover with their insurers.

Upon activation **Appendix L** will be sent to the CEPG, until this form has been confirmed as received by the local authority, then all operations must be confirmed to be covered by Felixstowe Town Council's insurance policy.

#### **Broadway House**

## **GROUND FLOOR**

#### **Brackenbury Sports Centre**

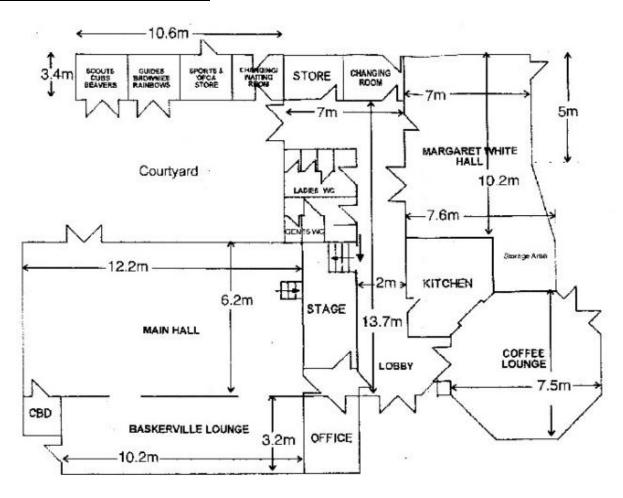

The Main Hall can accommodate 400, the Activity Hall 200. The figures would depend on the set up, for example if you had beds/seats etc this could reduce.

Felixstowe Leisure Centre can accommodate 300.

#### **Old Felixstowe Community Centre**

The maximum number of persons to use the premises shall not exceed:

	MAIN HALL	MARGARET WHITE HALL
Seated at tables	110	74
Mixed occupancy (tables & dancing)	160	110
Dancing only	220	120
Closely seated audience	200	120

The maximum in the Coffee Lounge is 35.

Seating should be so arranged in the Main Hall and the Margaret White Hall as to provide gangways of no less than 1.1 metres in width which must lead to and connect with the exits. No seat shall be more than 3.6 metres from the gangway measured along the row of seating.

#### VOLUNTEER DRIVING - THE MOTOR INSURANCE COMMITMENT

Motor insurers recognise that policyholders who want to help their communities through volunteer driving need clear and accurate information. We've put together the list below to help. The information is also contained in a document that you can print and distribute. That document can be found on the right-hand side of this page. Please note that this list will be updated as and when any changes are notified. Please ensure you have the latest version by checking our website.

First, check who your **insurer** is. This information will be on your policy documentation. Sometimes this is different from the company who sold you your insurance. It is important to remember that this commitment applies to <u>private cars insured on private car insurance</u> policies only, except where clearly stated below. Remember also that when you declare your annual mileage when buying insurance, you should include your volunteer driving in that.

Check on the list below, and you will see any conditions around volunteer driving that your insurer might have. Some insurers want you to contact them to let them know if you do volunteer. Contact information is either provided below or can be found on your policy documentation.

Please note that Community First Responders and other 'Blue Light' volunteers are generally excluded from the volunteer drivers' commitment. Some insurers have indicated that they would offer cover on the same basis as for other voluntary activities that are covered, so we recommend that anyone wishing to volunteer their time to this service should contact their insurer or broker directly using the contact details provided in their policy documents or below.

Current HMRC mileage rates can be found at www.hmrc.gov.uk/rates/travel.htm

#### Our commitment:

The insurers named will insure their policyholders to carry out voluntary driving, that is, the use of a vehicle they own in connection with, or for the benefit of, charities, voluntary organisations, clubs or societies, under the conditions set out below, where payment does not exceed the HMRC mileage rates in force at that time. This does not cover use for hire or reward or vehicles owned by, hired to or lent to the voluntary organisation.

## Appendix L: CEPG Activation Insurance

#### COMMUNITY EMERGENCY PLANNING GROUP - ACTIVATION INSURANCE

Until a Community Emergency Planning (CEP) group is activated they operate under their own or the Town/Parish Council's liability insurance. In the event that a CEP group is activated on behalf of a Local Authority, the following guidance about insurance cover should be communicated to all the volunteers within the particular group.

From: [Name of LA Officer requesting activation] To: [CEP Group]
Date: Time Of Request:

Please confirm receipt by telephoning the XXX (Local Authority) ECC on [telephone number]

#### DO NOT PUT YOUR LIFE OR THE LIVES OF OTHERS IN DANGER

If there is **ANY threat to life**, **dial 999** and alert the emergency services (Police, Fire, or Ambulance). If there is no perceived threat to life, but you have information that may help the emergency services, please **dial 101**.

The XXX (CEP Group) has been activated on behalf of XXX (Local Authority) as a result of a Major Incident / local incident at [location] on [date].

The XXX (CEP Group) is now covered by XXX (Local Authority) liability insurance providing that the following conditions are met:

The Local Authority has requested that you activate the CEP group and your plan, including setting up your village hall as an Evacuation Centre [amend as necessary<sup>1</sup>].

The CEP group operates under the direction of the Local Authority (can be remotely) and the Local Authority requires regular updates on the situation.

A record of the activities undertaken and the volunteers used is maintained by the CEP group.

The action or activity is either contained in your CEP plan or is approved by the Local Authority.

Volunteers are registered CEP group members and are undertaking activity on behalf of an authorised CEP group.

Activities that volunteers have been asked to undertake must be commensurate to their skills and competency.

Appropriate dynamic risk assessments are carried out as the situation evolves.

The use of motor vehicles is not covered by the XXX (Local Authority) insurance and it is the responsibility of the individual to ensure that they have the necessary vehicle documents, drivers' licence and appropriate insurance cover.

If you undertake any work not authorised by the Local Authority or the CEP group self-activate without approval from the Local Authority, then the CEP group must establish whether they are cover by the Town/Parish Council's insurance before undertaking the work.

#### DO NOT PUT YOUR LIFE OR THE LIVES OF OTHERS IN DANGER

<sup>&</sup>lt;sup>1</sup> List the potential tasks that the CEP group might undertake from their local plan. Note: Not all CEP groups have a village/community hall or trained volunteers that can be used to set-up an Evacuation Centre.
