Our Great, Best Price Deal on a Unicol VS1000 Trolley / HiFi Shelf Storage Package

Take a look at the Unicol VS1000 Tall TV trolley. It is the modern industry standard commercial flatscreen TV trolley that are versatile floor units which have been used for many years in a huge variety of business, education, tradeshow, videoconference, office, school, professional display and monitor exhibition applications.

It also provides you a modular solution where parts can be easily added to configure the VS1000 for your unique requirement. This convenient package deal is supplied complete with a universal bracket that can fit 30 - 70 inch televisions, plus a free 40 x 50cm metal shelf suitable for most laptops and DVD players. It is possible to add additional glass or metal shelves, locking cabinets, video conferencing mounts and other items.

All fixings required are included, and the trolleys are easy to assemble.

Features:

- Includes a FREE 40 x 50cm steel shelf - no need to add, we will send it free of charge
- Twin 1500mm chrome column cantilever design
- Cables can be fed through the columns for a neat appearance
- Non-locking or locking castors / wheels available
- Wide selection of component parts enables stands and trolleys of varying types to be easily assembled
- Fits 30 - 70 inch televisions
- Compatible with VESA 200 x 200, 300 x 300, 400 x 200, 400 x 400, up to VESA 600 x 400 screens
- Height to centre of screen is 153cm, which is suitable for the vast majority of applications
- Trolley, plinth, or bolt down versions available - please call for details
- Glass or steel shelves are available in various sizes
- Locking / lockable security cabinets can be attached to the columns to store a PC or laptop etc.
- A video conferencing shelf / platform is also available
