Dear Ash

Felixstowe Memorial Wall

As you are aware, East Suffolk Council has recently developed a policy for Commemorative Benches. Within this, key locations, such as Felixstowe will not see any new benches installed, but the policy seeks to replace existing.

However, there is another option to create a memorial wall in a suitable location on the sea front to meet demand. East Suffolk Council and East Suffolk Norse would like to formally ask Felixstowe Town Council for their opinion on whether such a wall is appropriate for the town and, if so, whether this should be a new build or utilising of an existing wall space, such as near to The Hut in the seafront gardens.

A similar wall has been installed at Woodbridge New Cemetery and has proven extremely popular.

Yours sincerely

Laura Hack

Delivery Manager
East Suffolk Council
