

Lions Clubs International  
British Isles: District 105CE  
Felixstowe Lions Club

On behalf of Lions can I thank the Town Council for our grant to establish what will hopefully be a long term home for the Christmas Lights workshop on land adjacent to the Facts Bus portacabins. I am pleased to advise that as of today we have received planning permission (due originally in November) so we can now progress the project. Our first task is to level the land and fill holes with concrete for foundation pads. Then we will move the workshop by crane and trailer in three sections.
