

Thank you very much to Felixstowe town council for the grant.

We have split how we spent the grant this year. It assisted us with our fuel costs, but also put a small amount of it aside to replace a couple of the crew dry suits.

The dry suits were ordered & delivered in October. These are vital pieces of equipment as they keep the crew dry & have been a great asset as they have had to enter the water on a couple of jobs to assist casualties.

If there is any space for the evening at the meeting we would love to have a table to promote Felixstowe Lifeboat.

As you may have noticed, we have re-branded to Felixstowe Lifeboat as this portrays what we do better than our previous name.

Many Thanks

Chris Pell
