Report for Felixstowe Town Council 2026

We continue to be grateful to Felixstowe Twon Council for its ongoing support which enables us to provide a wide range of support services for young people & families than would otherwise be possible. Level Two’s Vision is "to promote the welfare of local Young People age 7-25 through supportive relationships and positive experiences designed to enhance their personal and social development." We are committed to developing provision to make a significant improvement in the life chances of all young people, focusing particularly on the more vulnerable.

Our town centre Youth Hub provides a safe place where, through open-access sessions, young people are supported to become healthier, more engaged with their communities and more able to fulfil their potential.

Our experienced and qualified staff are well respected both by young people, parents and other professionals working with young people. Their ability to engage in positive and supportive relationships empowers young people to take responsibility for their own development.

Provision	Overview
Mentoring	<p>This mental health intervention is person centred, for vulnerable young people aged 7yrs – 25yrs. A young person receives a minimum of 50mins face to face, once a week. The length of the intervention can vary according to need; however, we aim for a minimum of 12weeks.</p> <p>The aim of our Mentoring provision is to enable young people to make sufficient progress in understanding and coping with their mental health challenges. They then feel resourced within a supportive network & not so reliant on the ever-diminishing statutory mental health provision.</p> <p>Referrals are made by GPs, health professionals, social care team & schools. Young people & families can self-refer. We work in partnership with local NHS mental health services.</p>
Parent, Family & Carer Support	<p>We offer support for parents in an informal way by being open for parents to drop-in for a chat or to make an appointment to meet with one of our workers. From time to time, based on need, we also run parent support group sessions.</p> <p>We also facilitate a monthly Family Carers group session from our Youth Hub.</p>
Hub Based Early Intervention Sessions	<p>These are weekly sessions at our Youth Hub, during term-time & in school holidays. Our early intervention programme looks at different topics on a wide variety of issues, highlighted to us by the young people. Staff encourage young people to engage in activities, access resources with information, offering advice and guidance through visual aids and fun interactive activities to maximise the learning for the young people.</p>

Provision	Overview
Primary School Support	We are working in all 10 Primary schools in Felixstowe, both the Trimley's & 3 neighbouring villages. We work with children in Key Stage 2 (age 7+) with particular emphasis on Year 6 and the transition to High school. Work is undertaken in small groups, 1:1, whole classes and via whole school assemblies. Specific topics are offered to the schools, such as friendship, anger management and anxiety, but a steer is also taken from the school so that the needs of individuals are met. Young people have also benefited from the presence of youth workers in the playground, at the beginning of the school day & at break/lunchtime. This has built up strong professional relationships between the young people, staff, parents and youth workers.
Felixstowe High School Support	In addition to the delivery of Mentoring & Counselling, we offer a twice weekly drop-in for young people where they can chat through concerns and access information about our services. This includes LGBTQ support & Sex & relationship advice. Our staff are trained by the Terrance Higgins Trust and offer the C-Card scheme to those in Yr. 9+. We also contribute to the PHSE curriculum by supporting enrichment days.
Drama Group	Our weekly Drama group for young people age 10yrs – 19yrs. There are no auditions & young people really value this session to express themselves in more creative ways.
Dedicated Additional Needs Sessions	We welcome young people with special needs to join our open access sessions but recognise that sensory or other specific needs may hinder some from participating. For this reason, we offer a dedicated weekly SEND session tailored to low demand reduced sensory needs. We have also worked closely with Stone Lodge Academy offering PHSE days and enterprise week – these are linked to their Life Skills curriculum learning.
Detached & Outreach	We support young people out in the community, taking free hot chocolate, resources & services to young people who are less likely to access centre-based provision.
Not School / Pupil Referral Units	Tutors can use our Hub facilities to work with young people who are not in mainstream education.
Holiday Activities	We offer a variety of activities, trips & visits, Hub based & further afield. We are an Accredited Arts Award Centre. This forms a summer production at a local theatre
Community Allotment	We share a community allotment with the Grove Medical Centre. At the allotment and integrated into hub session, young people can learn knowledge of growing and cultivating plants, cook with produce they have grown, benefit from intergenerational conversation & all the good we get from being outdoors.

Music Intervention / Studio / Vocal Recording	Through 1:1 music intervention sessions or group activities, participants gain hands-on experience with digital audio workstations, sequencing software, classic analogue synthesizers, drum machines, and virtual instruments. They can also explore vocal recording and editing using professional-grade microphones, as well as play and record electric, acoustic, and bass guitars, keyboards and electric drums, in jam sessions.
Home Ed sessions	We offer a safe space at the Hub for young people who are Home Educated. This is an opportunity for them to socialise, use our facilities, & access youth workers for conversation & support.
Pathways including AQA Accreditation	We offer bespoke programmes for young people that are NEET. Supporting wellbeing, independence and the foundations to feel confident in approaching employment or further training. We work closely with local businesses and training providers, developing essential life and employability skills and increased community awareness. We add value to this program offering training certificates as part of AQA.
Accredited Arts Award Centre.	We are a fully accredited Arts Award Centre, offering dynamic workshops, performances, and creative opportunities for young people to learn, grow, and gain nationally recognised qualifications. Through our programmes, participants can explore the arts, develop new skills, and achieve accredited awards that celebrate their creative journey.
Youth & Community Multimedia skills	In May 2026 we will be expanding to Beach Street. This will give us a second base in a different area of the Town; with Multimedia facilities.
