## TOWN COUNCIL

### **Community Engagement Strategy 2026-27**

#### **Aims and Objectives**

Felixstowe Town Council is committed to high standards of engagement with the community. The Council is part of a tier of local government which belongs to, is part of and is directly accountable to its local community. Councillors play an important role as they are elected to make decisions on matters affecting the town. The aim is to make a measurable difference to the quality of life of the community served and to be responsive to the needs of the community. This statement sets out how to ensure the community is kept informed about and can contribute to the activities and decision-making of this Council to the benefit of this town.

#### **What is Our Community?**

This Council believes the community is everyone, of any age, living within the boundaries of the town as well as organisations and groups. It also recognises that residents pay for the activities of the Town Council and that visitors to our community form an important part of the vibrancy of community life. It is understood that there are certain bodies that are crucial to local quality of life and every effort will be made through both informal contacts and formal partnerships to achieve excellent working relationships with these bodies including town organisations, Residents Associations, the Police, other statutory services, neighbouring councils and other tiers of local government..

#### **Provision of Information to the Community**

This Council ensures that its main documents which reflect its decisions are published and readily available for the public to view. These documents include the agendas, minutes and annual reports of the Council which are:

- Published on the Council's website [www.felixstowe.gov.uk](http://www.felixstowe.gov.uk)
- Posted on the notice board at the Town Hall
- Available to view during the normal working hours of the Council
- Promoted via the Council's social media accounts

The Council also summarises its activities in its printed magazine which is delivered quarterly to all addresses in the town.

You can view the Council Freedom of Information Publication Scheme on the Council's website [www.felixstowe.gov.uk](http://www.felixstowe.gov.uk)

## **Opportunities for involvement and representations to the Council**

Agendas for meetings of the Council and its Committees are open to the press and public, who are very welcome to attend. Agendas give you an indication of the business to be transacted so that you can decide whether you want to attend or make your views known by some other means prior to the meeting. Meetings are the forum for business and decision-making and it is important that this business can be conducted with ample time for due consideration of issues before Councillors. However, a public session is held at the beginning of meetings of the Council, Finance & Governance Committee, Assets & Services Committee, Civic & Community Committee and the Planning & Environment Committee, to provide an opportunity for the public to make representations. A time limit is applied to this session (usually 15 minutes) and if you are concerned that there might be insufficient time to make your points known, you might wish to make representations in writing prior to the meeting.

Representatives from the Police, other statutory bodies, local organisations and other tiers of local government are often invited to have the opportunity to make presentations at Committee and Council meetings. This provides the public and Councillors with more information and an opportunity to ask questions on matters of interest to them.

The Council will also call an annual meeting of the town on a day falling between 1<sup>st</sup> March and 1<sup>st</sup> June inclusive. This is your meeting and you will have an opportunity to hear from many community organisations and to ask them questions. It is also possible to raise matters of concern to the community.

When the council creates its Business Plan, it consults residents at the draft stage of the Plan which runs for four years and is updated regularly.

### **Involvement in Partnerships**

The Town Council has a positive policy to work in partnership with all appropriate organisations and individuals to achieve the highest level of service to the local community.

The Council has representation on a wide range of local organisations whose details are available from the Town Council offices and website. Representatives of the Town Council attend many meetings of bodies which make decisions affecting the local community. The reports of these meetings are available from the Town Council offices during normal working hours to all Councillors and to the public.

### **Role of Councillors**

Councillors are the decision-makers of the Council. The contact details for all Councillors are available from the Council offices, the Town Council notice board, the Town Council website, and the Town Council magazine. Councillors also hold the Clerk and all other officers to account. Councillors welcome contact with members of the public, endeavour to be available immediately prior to Council meetings and Committees for anybody who wishes to speak with them and they will listen to the representations you make to them at Council meetings whether you

attend in person, ask another person to raise matters for you or provide your comments in writing.

### **Role of the Clerk**

The contact details for the Clerk to the Council are published on agendas, the Town Hall notice board, the Town Council website and the Town Council magazine. The Clerk is the Proper Officer of the Council and is the appropriate contact in most cases for raising matters with or requesting information from the Council.

Please feel free to contact the Clerk and other officers of the Council for more information on anything in this Statement.

### **Specific Areas for Community Involvement**

In some circumstances, additional information sheets and/or additional public meetings are provided if exceptional issues arise which are of particular interest to the community. It is envisaged that these might include plans for significant planning development, exceptional spending plans and any emergency situations that arise.
